[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

I'm a Full Stack Web Developer with a passion for front end design and experience as a UI Designer.

Skills

Frontend: HTML5, CSS, jQuery, JavaScript, Bootstrap

Backend: MySQL, MongoDB, Express, ReactJS, Node, Git

UI/UX: Photoshop, Illustrator

Languages: English, Chinese

Projects

Film-Bites! | [Repo](#) | [Deployed](#)

UI/Front-End Engineer

- This application helps users plan a “night-in” by giving them ideas for meal recipes and movies to watch. The webpage dynamically presents movies and recipes pulled from based on user actions. I was responsible for UI design, HTML & CSS and local Storage to save the movie and food choices made by users.
- Tools/Languages: JavaScript, HTML, CSS, Materialize, Server APIs

Weather Dashboard | [Repo](#) | [Deployed](#)

UI/Front-End Engineer

- Users can see the weather outlook of multiple cities on the application and plan a trip accordingly. When users search for a city, the current and future 5-day weather conditions for that city are presented and that city is added to the search history.

I was responsible for UI design, HTML & CSS and weather API to retrieve weather data and local Storage to save the city names to search history.

- Tools/Languages: JavaScript, HTML, CSS, Open Weather API.

Day Planner | [Repo](#) | [Deployed](#)

Front-End Engineer

- Users can see the Day Planner to create schedules.

There are a few time blocks for standard business hours. Each time block is colored. Grey means past. Red means present. Green means future. In addition, Users can add an event and save it for each hour of the day.

- Tools/Languages: JavaScript, HTML, CSS, jQuery, Bootstrap. Moment.js.

Experience

Penn LPS Coding Boot Camp

11/2021 - 05/2022

Student learning how to code

Remote

- I made a few projects in this full-stack coding bootcamp such as Film-Bites! weather dashboard and so on.
- I gained skills including HTML, CSS, JavaScript, jQuery, Bootstrap, Node.js and so on.

Shenzhen Tianju Information Technology Co., Ltd.

05/2015 - 01/2020

UI Designer

Shenzhen, China

- I designed front end elements of web products such as logos, page layouts and software interface.
 - I developed code to convert my design into HTML web pages.
-

Education

Penn LPS Coding Boot Camp, Remote

05/2022

Certificate of Completion / Full Stack

Hunan textile college, China

06/1999

College Degree / Modern Decoration

PS. After I left the previous company on 01/2020, I came to USA and has been learning IT technology while taking care of my family at home.
